Swiss Design

Adventerra combines the words “adventure” and “terra,” the Latin name for our planet. It reflects our mission: to **create exciting games that help kids care for our world!**

We are a **family company**, founded in **Switzerland**. We share a passion for games, a love of nature, and a desire to make a positive impact on our planet. All of our games are designed in Switzerland, which has always been **recognized for its quality, precision, and reliability.**

Have fun & Save the Planet!

Our mission is to **raise environmental awareness through play.** We believe that making children aware of environmental themes can help them grow into better adults who are respectful of other people, animals, and the planet on which we all live. **Our games empower kids** to make better choices for a **green future!**

Eco-friendly & Sustainable

All of our games are plastic-free and use eco-friendly materials (both recycled and recyclable). We use sugar cane shrink wrap, compostable cardboards, vegetable inks, and wood certified by the Forest Stewardship Council (FSC).

PLASTIC FREE

**RECYCLED MATERIALS
100% RECYCLABLE**

FSC CERTIFIED

**WRAPPED IN
BIODEGRADABLE FILM**

**VEGETABLE
INKS**

Award-Winning Games

We have won 77 awards to date, including some of the most prestigious Toy Industry Awards like the **Toy Industry of Europe's Play for Change Silver Award**, **Good Housekeeping's 2021 Top Toy Award** and seals of approval from numerous recognized Parenting Institutions like the **Mom's Choice Awards**, **The National Parenting Center**, etc.

STEM Toys

Our puzzles & games spark creativity, while helping children develop science, technology, engineering, math, and logic skills: this is why **all of our products have been authenticated by STEM.org**.

Saving Water Ecologic Puzzle

Play Experience

With these puzzle pairs, children learn about the importance of water, and how to conserve this precious resource. The pieces feature colored edges and self-correcting joints that help players to match them. On the red-edged pieces, adorable sea creatures show how water is wasted carelessly in everyday life, but on the green-edged pieces, they show ways that children can save water!

Helps develop

- Observation skills
- Knowledge of marine animals
- Logical thinking

Content

12 puzzle pairs - instructions

Item #: SW01

UPC code: 8-50029-68701-6

Box size: 8 ½ x 8 x 2 inches

Case pack: 5

Ages 2+

74" x 32"

Respect the Earth

Ecologic Puzzle

Play Experience

While building these puzzles, children discover daily actions they can take to help the Earth. Players match pairs with the help of self-correcting joints and the backgrounds and characters depicted on the pieces. On the red-edged pieces, a diverse group of cute kids demonstrates common habits. But on the green-edged pieces, they show better habits to protect the planet!

Helps develop

- Visual memory
- Right-wrong logical association ability
- Hand-eye coordination

Animals at Risk!

Ecologic Memory

💡 Play Experience

In this memory game, children associate baby animals with their parents and learn about their habitats. The colors of the backgrounds and the illustrations on the large pieces help players to match the cards. This game introduces children to the concept of endangered animals and the importance of protecting them.

📄 Helps develop

- Visual memory
- Knowledge of animals at risk
- Mother-baby logical association ability

myEco House Jumbo Puzzle

Play Experience

In this game, inspired by the Montessori method, the child has fun building a large house by assembling the three jumbo pieces on each of the four levels. Then, in each area, they will see common activities that harm the environment. The player must find the matching shapes to insert in every area, covering up each harmful activity with an eco-friendly habit.

Helps develop

- Observation skills
- Spatial orientation
- Knowledge of basic geometric forms
- Sustainable habits at home

Content

4 puzzles with 3 jumbo pieces each,
12 geometric inserts, instructions

Item #: EH07

UPC code: 8-50029-68707-8

Box size: 10 3/4 x 10 x 2 1/4 inches

PowerHaus Board Game

 **Play Experience**

This exciting game is a fun way to learn about saving energy. Players live in a house that wastes a lot of energy, and their goal is to reduce their utility bills. By drawing cards inside the house, they learn habits that save energy. While visiting the city's stores, they can buy products and renovation services to make the house more efficient. With each turn, they gain or lose money depending on their choices. The winner is the one who makes the best decisions for their wallet - and the world!

 **Helps develop**
