DAM - Distributor of European-inspired modern brands!

We're GROWING!

DAM experienced a growth spurt in 2023! We added 6 brands to our portfolio and keep looking for new and special brands to bring to the USA market. Thank you for your continued support.

Don't miss any of our new brands: wooden puzzles from **Ludattica**, French brands **Super Petit** and **Poppik**, well established and high-quality brands **Wheely Bug** and **Vikingtoys**, as well as younger and innovative brands **Moes Play**, **Haku Yoka** and **Sam & Julia**. Finally, our well-known classics **Avenir**, **Scratch** and **Scrunch**.

Discover all our design-led, earth friendly and modern brands in this 2024 catalog.

DAM – Who we are

DAM is a family-owned company, managed by one of the original founders Jan Voorspoels, flanked by daughters Lies and Tine. From its base in Maryland, DAM LLC is proud to offer FABULOUS, hard to come by, European specialty brands to the United States and beyond! From its headquarters in Belgium, DAM BV distributes select specialty brands from around the world to key markets in Western Europe.

DAM selects its brands with great care and is always looking for surprising innovations that elevate toys to a higher level in earth friendly, educational, and creative terms. Quality and safety are our priority, driven by play value and unique design!

ECO Re:line made from certified recycled plastics material.

Will you go on an adventure with Sam and Julia? Mouse Mansion is a wonderful world with cute, funny mice and impressive mouse rooms in which Sam and Julia play the main role. There is plenty to see and discover: cosy rooms in the mouse mansion, workshops, mouse-sized corridors, the secret cabin under the stairs, etc. Sam and Julia experience the greatest adventures in The Mouse Mansion books. Nice to know: the creators of Sam & Julia make everything you see in the books themselves. To do so, they use cardboard, paper, recycled materials, wood, cloth, FIMO clay, papier mâché, etc.

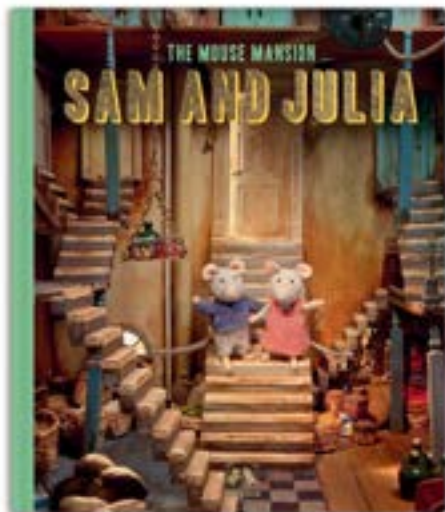

From THE NETHERLANDS

Collect the cute cuddly mice and recreate all the fun stories from the books! In the mood to get creative? Build your own mouse house and let the cuddly mice experience all kinds of adventures in it. We wish you lots of reading, playing and crafting fun!

Haku Yoka's wax crayons come in a variety of fun shapes and beautiful colors and are made from 10% natural beeswax. They are very strong, look nice and are easy for little hands to hold. With many different styles to choose from, you can build, stack, create and color. The crayons are of top quality, are rich in pigment and leave no marks. The packaging is made of FSC-certified paper and no plastic is used. Many of the Haku Yoka products are perfectly suited to carry along, during travels or trips to the restaurant.

PAINT STICKS

Age: 3+

These Paint Sticks in vibrant colors are a great invention for kids and parents alike. No water or brushes means no mess and no fuss. Moreover, the paint dries in under 60 seconds. Paint Sticks twist open like a glue stick and are easy for tiny hands to grasp. The artistic possibilities are endless. You can use them to paint, of course, but also to make scratch paper, stamps or for decorative 'dotting'. Hours of drawing and crafting fun guaranteed!

POPIK

From FRANCE

ECO

Meet Poppik and its exclusive concept. A 'Poppik' is a poster or card made with tens or hundreds of stickers to gradually create a giant and colorful image. The process is very simple; the result stunning! Discover these 'made in Europe' giant posters and the different collections. The Discovery Posters include a lot of unique and extraordinary designs: learn more about the animals of the forests and the world, study the night skies while reading about the stars and planets or pin a flag on each country of the world. Poppik also offers Sticker Panoramas and Sticker Stories in several styles. Poppik promotes concentration and fine motor skills. Children and adults will enjoy this fun activity for a long, long time! Poppik is for everyone from 2 years and older.

What is a POPPIK?

A Poppik is a large educational poster, which the child completes with large, repositionable stickers. Each Poppik provides knowledge in English & French on a fascinating theme.

- Decorates your house beautifully.
- Encourages concentration and fine motor skills.
- Stimulates curiosity.
- Encourages cooperation.

DISCOVERY POSTERS

MADE IN EUROPE

HAVE FUN, BE INSPIRED!

From FRANCE

With soft touch silicone mats, SuperPetit is reinventing coloring. Draw or color, erase, and start again. Take them anywhere, they fold and roll up.

SuperPetit is a French children's brand that has reinvented coloring by developing a range of silicone placemats with a dust-free and smooth surface. Color, erase and start again!

These soft touch mats are easy to wipe clean to color again and again. Each collection is created to engage a child's curiosity in a different way. Discover endangered animals from all over the world with the SuperPetit Wildlife range. Go on an adventure in space, nature or the mountains with the beautiful Artists range. Or check out more amazing designs with the 'Play and Learn' and 'Mini' playmats. Each set has 3, 4 or 5 markers included. SuperPetit also offers a set of ten color markers. Have fun with SuperPetit while travelling or at home. For ages 3+, the markers and soft, 100% food-grade silicone mats and are BPA & Phthalate free, anti-bacterial and non-porous. SuperPetit gives back! They donate 1% of their turnover to non-profit organizations through the 1% for the Planet network.

BELGIAN DESIGN

Scratch is an authentically Belgian brand that stands for great design, quality products, sustainable materials and stylish packaging. With the emphasis on innovation, Scratch expresses its style all around the world. Scratch currently has a presence in over 40 countries.

SAFETY FIRST

Every product complies with ASTM, EN71 and other international standards. From design to production: safety and quality always come first. Scratch toys can be entrusted to your little ones with confidence.

PLAY & LEARN

Scratch offers lovely, sturdy toys for very young children and older ones too. Making children happy, letting them discover the world around them and learning through play is what Scratch is all about.

Humour is never far away in these products. Fun, comical figures in Scratch's distinctive style are a recurring theme.

Scratch believes strongly in 'active play'. Examples include original concepts such as their dart games, disk games, fishing ducks, etc. Guaranteed fun, indoors or out.

Puzzle and game lovers are also sure to find something to their liking. Scratch offers an impressive collection of puzzles to keep children occupied for hours, and the games provide endless entertainment and educational value as well.

STYLISH PACKAGING

Each item has a fun, unique design and comes in an attractively shaped box. Perfect presents to give or receive!

From
ITALY

Beautiful, colorful, high quality Ludattica wooden puzzles are designed and made in Italy. All Ludattica wooden puzzles have a special shape and an illustrated landscape. Puzzle the 24 / 48 pieces together and be amazed by the beautiful scenic landscapes in the shape of a unicorn, elephant, turtle, bear, penguin, chicken and T-rex. Be sure to discover the new 'Story Telling' puzzles Pinocchio and Little Red Riding Hood. Among the pieces that make up the puzzle there are 5 - 12 recognizable shapes to place using their stands for additional pretend play! The puzzles encourage logical thinking, visual-spatial intelligence and fine motor skills. For age 5+.

From AUSTRALIA

Wheely Bugs are ultra-sturdy ride-on toys in the shape of a friendly animal. They can make 360° turns and roll forwards, backwards, left, right and diagonally. Children can ride on them, push or pull them, and even cuddle and kiss them. The Wheely Bug has four castors, a covered push bar and a soft, easy-care body. Rounded corners guarantee that the base is safe and ergonomic. This is the ideal toy for endless fun on any hard floor, and perfect for indoor use. Altogether, the Wheely Bug's timeless design and superior quality ensure years of fun. Wheely Bugs are suitable for children from 1 to 3 years.

...wheely fun!

MOES

PLAY. IMAGINE. WONDER.

From BELGIUM

MOES is a Belgian brand that develops sustainable open ended design toys. Their goal is to stimulate children's creativity and motor skills in a fun and original way with recognizable characters from their daily living environment.

MOES gets their greatest source of inspiration from nature and simplicity. They use timeless designs which make the MOES toys fit perfectly into any interior.

MOES toys also have a multifunctional purpose so they can be used in different ways in daily life (step-up, bench, table, chair etc). One of the main ideas

behind the brand is to be able to let the toys be part of the interior so you don't have to clean them up.

MOES products not only stimulate motor skills and creativity, they also invite to interactive play.

At MOESplay the safety of your child is very important, that is why Moes' products are always tested (EN-71 - ASTM -CPSIA) before they appear on the market. The EVA foam is very soft, solid, light and has also a sustainable character. The products do not contain any toxic substances.

- EVA foam
- Solid, soft, and lightweight
- Washable
- Hypoallergenic
- Nontoxic (BPA and phtalate free)
- Recyclable
- No noise
- Multi age use

Scrunch®

From the UK

ECO

Most products are made from eco friendly silicone.

You will want to take these trendy and eco-friendly Scrunch buckets, watering cans and beach moulds everywhere you go! You can fold them up really small so that they fit in your (beach) bag or luggage. They can be squashed, bent, folded and rolled up without losing shape. The possibilities are endless: you can transport water, build sandcastles, pick fruit and vegetables, wash your car or bicycle, and so on. Or you could use the little buckets indoors as pots for plants, herbs and flowers or to store your pens and pencils.

The buckets, watering cans and beach moulds in beautiful delicate colours are made from flexible, food-grade silicones. This makes them very soft and flexible, but incredibly strong and durable. You can leave Scrunch stuff out in the freezing cold, no problem, because silicone is insensitive to extreme temperatures. What's more, silicone is environmentally friendly, non-toxic, recyclable and easy to clean. The collection is complete with the robust Scrunch scoops made from hard plastic.

Recyclable - made from 100% recyclable silicone
Sustainable - use it over and over again
Washable - easy to keep clean
Non-toxic - it can double as a dog bowl or a plant holder
Strong - it's made to last
Durable - it'll hold its shape and look good for years

From SWEDEN

Viking Toys stands for timeless Swedish design and high quality. Over the years, Viking Toys has received several awards for excellent design, function and quality. The design and quality is reflected in what they call the 'Five S' (safe, soft, simple, silent and strong). Through these core values, Viking Toys wants to enrich children's play so that their products last a lifetime.

Viking Toys are designed for explorative and open-ended play. Their toys can be used with nature's elements such as soil, beach sand and water, which will encourage the child to explore nature. All their toys can be used outdoors. There are no defined stories attached to the toy and no instructions on how to use the toy. This inspires open-ended play, which stimulates the child's imagination and creativity.

The **Re:line collection** is made from 100% recycled plastics, comes in contemporary Scandi colors and is recyclable.

The toys from the **Ecoline collection** are made from natural, renewable sources (biobased + sugarcane based plastic). They are sustainable, non-toxic, petroleum free and 100% recyclable.

Re:line is certified with the RCS certification, the Recycled Claim Standard. The Recycled Claim Standard (RCS) is an international, voluntary standard that sets requirements for third-party. It is a chain of custody standard to track recycled raw materials through the supply chain. Both our supplier of recycled material and our manufacturing factory has the certification.
