FULL OF BRIGHT IDEAS

Pango creations draw on the inspiration of a uniquely Japanese concept called **zakka**.

Where everyday things are elevated to a higher status through the creative blending of mundane objects with imagination and clever design to bring aesthetical joy and allure.

Pango's **bright, playful, colorful, touchy-feely** design approach is applied to miscellaneous, humble objects to stimulate the senses and bring joy to those who use them.

Pango creations are for those who just want to enrich the everyday lives of their kids through the sensory enjoyment of simple everyday objects without being expensive, flashy or status oriented.

It is the ultimate antidote to hyper-consumerism.
