From FRANCE

DAM proudly presents **Papo**, the well-known and respected French brand of hand-painted figurines. Papo stands out with its unique combination of **highly realistic** animal and dino figurines and **playful, original characters of medieval and fantasy worlds**.

For over 30 years, Papo has continued to innovate and inspire children around the world.

From the original first design in France, up to the production of the final piece, each Papo figurine meets the highest quality expectation. Hand painted, the attention to detail of our figurines is recognized worldwide. In an age of mass consumption and throwaway goods, Papo continues to produce fine quality toys that last over time and can be passed on from generation to generation.

Discover the full range in the Papo **catalog** and our accompanying DAM **price list**.
