

MEAVIA

toys for awesome minds

SPRING 2025 PRODUCT CATALOG

www.meaviatoys.com

@meaviatoys

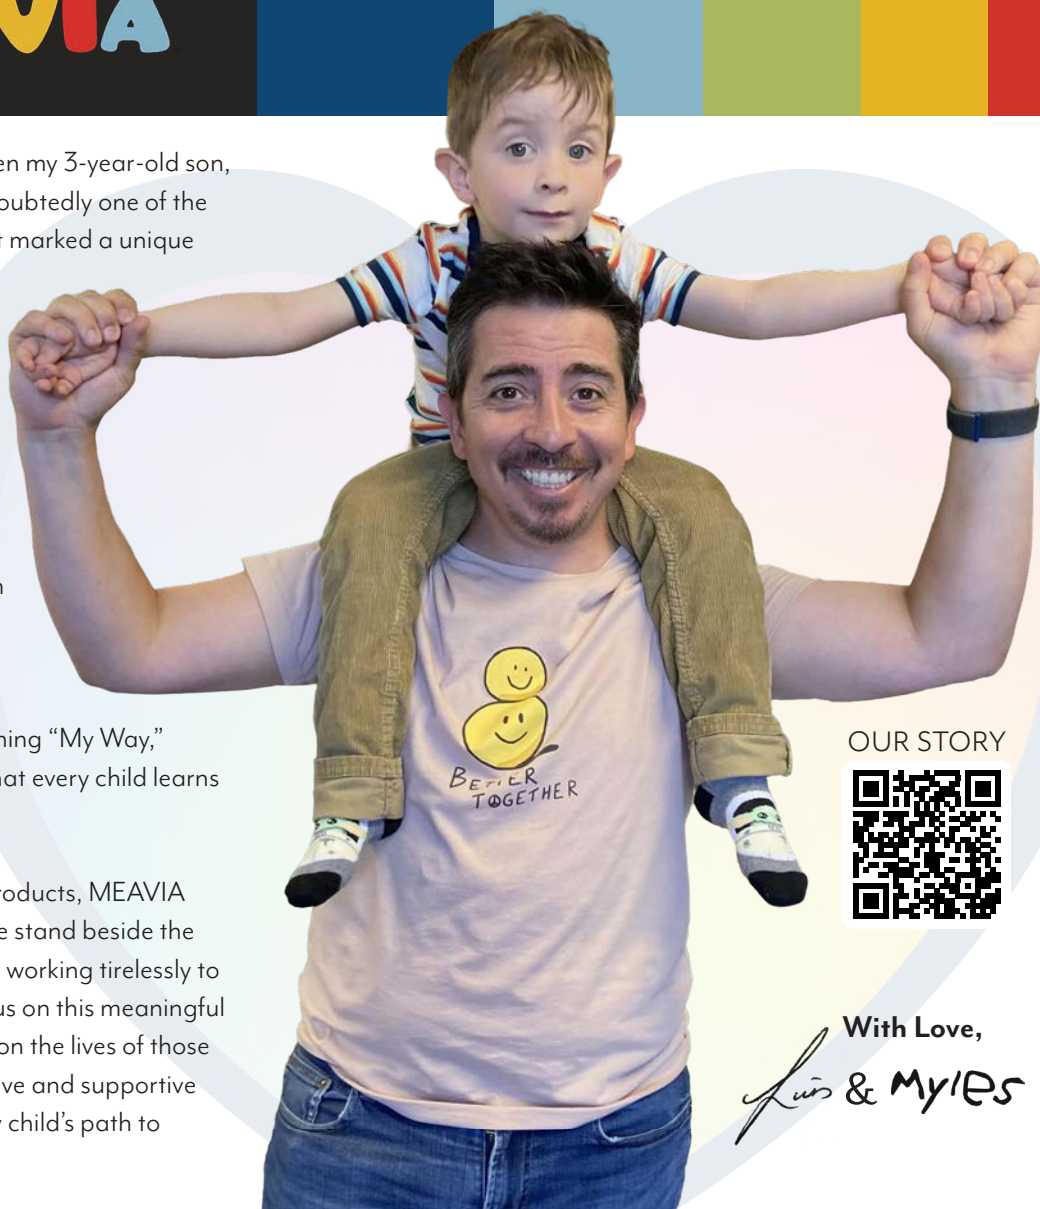

In 2020, our lives took an unexpected turn when my 3-year-old son, Myles, was diagnosed with Autism. It was undoubtedly one of the most challenging moments for our family, yet it marked a unique turning point. Through numerous Speech and Occupational therapy appointments with Myles, I noticed a significant gap in the market for toys and learning aids tailored to children with Autism and other special needs.

This realization sparked the birth of MEAVIA. Unlike typical fidget toys, MEAVIA is a brand dedicated to crafting products in collaboration with professionals, designed to help children reach their developmental milestones while embracing the joy of play.

The name "MEAVIA," derived from Latin meaning "My Way," underscores our commitment to recognizing that every child learns uniquely and at their own pace.

Beyond our passion for creating exceptional products, MEAVIA is also on a mission to advocate for Autism. We stand beside the countless families and dedicated professionals working tirelessly to create a better world for their loved ones. Join us on this meaningful journey as we strive to make a positive impact on the lives of those we care about and contribute to a more inclusive and supportive community. Welcome to MEAVIA, where every child's path to learning is celebrated and embraced.

OUR STORY

With Love,
Luis & Myles

Pete The Cat Giant Reversible Sequins Toys 11

Quiggly the Weighted Sensory Octopus Plush

- Weighted (1 lb)
- Sensory Materials
- Marble Fidget Feature

SKU: sh2315Mv1
Case Quantity: 6

Ages 3+

Size: 5 x 5 x 16 inches

This high quality plush is designed with various materials to help stimulate a child's sensory needs. Each tentacle is specially designed with a different textured fabric material making it fun to touch and discover. Each leg also has a marble so kids can fidget by moving the marble up and down the leg.

Quiggly is weighted (1 lb) and is machine washable.

Ellie the Weighted Sensory Elephant

Crinkle Ears • Sensory Sound

- Weighted (3 lb)
- Sensory Materials
- Marble Fidget Tail
- Crinkle Sound Ears
- Machine Washable

SKU: sh2473Mv1
Case Quantity: 2

Ages 3+

Size: 11 x 10.25 x 6.06 inches

Designed to be a calming presence, Ellie's weighted body and feet make her a perfect buddy for cuddling while watching TV or getting ready for bed. Her tail features a marble encased in nylon mesh, offering a tactile outlet for fidgety fingers and promoting relaxation. Each colored fabric area features a different sensory material, stimulating your child's sense of touch. Ellie's ears make a crinkle sound, providing auditory stimulation as well.

Size: 22 x 15 x 9.5 inches

Sunny the Weighted Sea Turtle Plush Lap Pad

Ages 3+

- Weighted (**3 lb**)
- Sensory Materials
- Detachable Sensory Pillow
- Sequins Heart
- Marble Fidget Tail
- Fine Motor Clips

SKU: sh2565Mv1

Case Quantity: 2

Meet Sunny The Weighted Sea Turtle. Sunny is a delightful and versatile sensory experience for all ages. Sunny is a lap pad that can be used as both a weighted sensory toy and a detachable sensory pillow and marble fidget tail all-in-one. Crafted from premium materials and filled with safe, non-toxic polyethylene beads, Sunny is built to last and has undergone rigorous safety testing.

Cuddlebug The Giant Vibrating Sensory Caterpillar

Ages 3+

- **35 Inch** Giant Vibrating Plush
- 5 Vibration Modes
- Kid Friendly Controls
- Sensory Materials
- Stitched Numbers
- Marble Fidget Tail
- Batteries (AA) Included

SKU: sh2708Mv1

Case Quantity: 2

Meet CuddleBug the Vibrating Sensory Caterpillar – the ultimate companion for sensory seekers! This 35-inch-long, lovable friend features five soothing vibration modes, all easily controlled by little hands. With a built-in marble fidget tail for busy hands and numbered feet for learning fun, CuddleBug combines sensory-rich materials with calming vibrations, making every cuddle both engaging and delightful!

Pete^{the} Cat

Sensory Weighted Plush

Size: 18 x 7 x 3.5 inches

SKU: sh2725Mv1

Case Quantity: 6

- Weighted (**3 lb**)
- Learning shoes to help develop fine motor skills and encourage independence
- Removable Groovy Buttons Shirt with a fun velcro POP button
- A marble fidget tail, offering a calming sensory outlet for restless hands
- Ribbed Sensory Fabric

Ages 3+

NEW

This officially licensed plush features Pete in his signature laid-back style, made with a ribbed blue sensory material for a soothing tactile experience. The plush is designed to engage young minds with interactive features. This cuddly plush provides gentle, comforting pressure, making it ideal for calming moments or quiet play. Perfect for home, school, or therapy settings, this versatile toy helps kids focus, self-soothe, and learn through play. Whether it's for tactile exploration, motor skill development, or simply a hug, the Pete the Cat Weighted Sensory Plush is here to keep it all groovy!

Learning Speech Cube Set

Ages 3+

A fun and interactive play-set for kids' speech development. This kit includes a foam cube, 54 double-sided cards with various themes, 12 blank cards for personalization, fastener dots for customization, and a travel booklet. Roll the dice, insert cards, and say the word to engage learning. Personalize with your child's pictures for tailored speech development. The travel booklet ensures consistency in learning.

Size: 5.9 x 5.25 x 5 inches
SKU: SH2556Mv1
Case Quantity: 6

Falling Wood Domino Wall (Wall Mount or Table Top)

Our Falling Domino Wall toy helps with hand eye coordination and fine motor skills while maximizing fun. Kids knock down the dominos creating a mesmerizing visual cause and effect action. **They pull the shapes down to stand the dominos up and do it all again!**

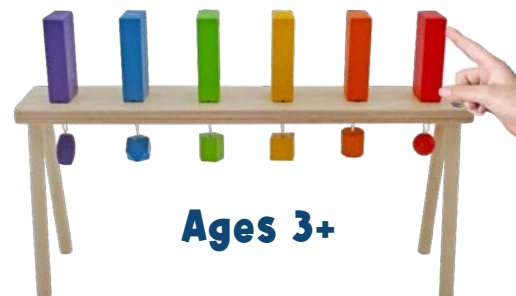

- Wall Mount or Table Top Play
- Hand Eye Coordination
- Fine Motor Skills

Size: 17.5 x 8 x 4 inches

SKU: sh2617Mv1

Case Quantity: 5

Ages 3+

Roll & Drop 3-in-1 Sensory Toy

**Roll ramp
with
sensory
water jug**

**Roll Ramp
with string
bin**

Ages 3+

This toy engages kids with exciting cause-and-effect action as the ball rolls down the ramp and drops into either a string bin or a translucent jug. Kids need to engage their fine motor skills to navigate the colorful stretchy strings and retrieve the sensory balls. You can substitute the String Bin for the Jug for fun water sensory play. The ramp is also designed to provide standalone tabletop fun.

SKU: sh2596Mv1

Case Quantity: 3

Size: 12 x 12.5 x 7.25 inches

Toy Tunnel Raceway with Spikey Balls

Simple design, endless fun! Kids love watching toys drop and slide through our colorful, connectable tubes! Safe materials, sensory spikey balls, and clear sections make this raceway visually engaging and perfect for hand-eye coordination. Ideal for encouraging early language skills like “again” and “more.”

Ages 3+

COMPLIANT

WHAT PROFESSIONALS HAVE TO SAY:

Courtney English
Pediatric
Occupational Therapist

"I highly recommend MEAVIA for their inclusive toys, designed thoughtfully for children of all neurotypes and learning styles. These toys are uniquely crafted to be engaging and easy to explore, making playtime enjoyable and accessible. While they're especially beneficial for neurodivergent children, all children can gain from the sensory stimulation they provide. MEAVIA's toys help support sensory regulation, promoting healthy processing and learning for every child!"

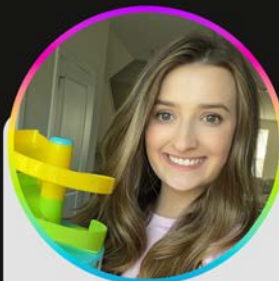

Hannah Sylcox
Pediatric Occupational
Therapy Assistant

"MEAVIA creates exceptional, thoughtfully designed toys that meet the sensory needs of neurodivergent children, especially those with Autism and ADHD. As a Pediatric Occupational Therapy Assistant, I trust their high-quality products to engage and support sensory-seeking kids, providing the extra input they need for self-regulation and focus. MEAVIA's dedication to creating tools that truly help children thrive is invaluable, and I highly recommend their toys to parents and fellow therapists alike."

Elena Sorrentino
Early Intervention Speech
Language Pathologist

I absolutely love MEAVIA's inclusive toys for speech therapy! These toys are designed specifically with neurodivergent children in mind to make playtime exciting and engaging. I have had so much success using MEAVIA toys in my speech therapy sessions and always look forward to using them with the children I work with. Any child can benefit from and enjoy these toys, but it is so great to see that toys are being created with different neurotypes in mind to ensure all children have access to fun and positive learning experiences!

Caitlin
Pediatric Speech Therapist
Rocket Speech Therapy

"As a speech therapist, I can't recommend MEAVIA toys highly enough. These aren't just fidget toys or generic sensory tools; they're thoughtfully designed, multifunctional resources that support genuine developmental growth for children with unique learning needs, including autism. MEAVIA understands that each child has distinct strengths and challenges, and their toys reflect this understanding, offering an intentional balance of engagement and support. MEAVIA toys have truly become indispensable in my practice, not only for supporting speech and language milestones but for creating joyful moments of discovery and connection."
