Case pack: 6 units		

Crayola

NOW AVAILABLE!

Crayola Lights 'N Motion

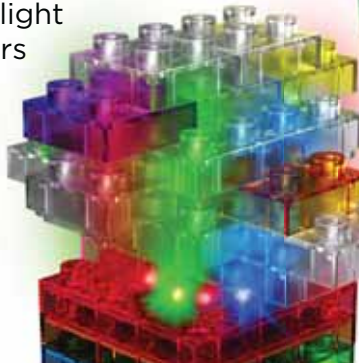

- 22 LED MODULES IN DIFFERENT COLORS - This kit comes with 22 LED modules in different colors! The LED blocks emit colorful lights that create a stunning light display and brings your creations to life!
- BUILD IT, LIGHT IT, SPIN IT - Once you've connected the motor and gear, you can stack the LED blocks in any configuration to make creative structures that rotate and glow.
- INFINITE CREATIONS - Let your imagination run wild building endless 3D light structures.

CB0323	818878020323	Ages 5+
Case pack: 6 units		

DAZZLING LIGHT STRUCTURES - Let your imagination run wild building 3D light structures that react to your voice or music! Build dazzling displays of colorful lights that light up in different colors and dance when you play music or speak to it.

CBO316	818878020316	Ages 5+
Case pack: 6 units		

NOW AVAILABLE!

- **28 LED MODULES IN DIFFERENT COLORS** – This E-Blox kit comes with 28 LED modules in different colors! Let your imagination run wild building 3D light structures that can be controlled to fade in/out and react to your voice or music.
- **LIGHT CONTROL & SOUND REACTION** – Place the controller, voice activation, and LED plate modules on battery module, then use LED parts to build your light structures. Compatible with our Circuit Blox and Power Blox lines, LEGO, and other major brick brands.
- **SELECT LIGHT FADING SPEED** – Use controller to select how fast the lights fade in/out and set the lights in sound activation mode!
- **STEM TOY** – Designed to stimulate creativity and teach kids to investigate the world through creative reasoning and the systematic building of objects. Kids will get to innovate as they plug together bricks and modules to create their own toys and games.
